

***DUS 701-2:2024 Code of practice for disaster management — Part 2: All-risk emergency operation
Planning***

Scope

This part of US 701 covers the development of some of the more common core functions that are required for an all-risk emergency operation system, which includes the following functions: command; communications; warning; emergency public information; evacuation; mass care; and resources management. This standard does not cover certain essential functions, such as law enforcement, fire-fighting and the functions of other emergency services for which provisions have been made in legislation.
