

***DUS 2643: 2022 Air ambulance — Requirements***

**Scope**

This Uganda standard establishes the minimum requirements for performance, design, testing, operation and equipping of emergency medical services (EMS) air ambulances used for out-of-hospital medical care and patient transport.

It does not cover the requirements for approval and registration this is the responsibility of the relevant authority/authorities in the country where the ambulance is to be registered.

Requirements are specified for categories of air ambulances based on patient care capability.

The standard is applicable to ground ambulances capable of referring at least one person on a stretcher.
